Cuthbert Ga 7th 1925

Mrs J. C. Collier

Dear Cousin.

You will be surprised at the contents of the box I have sent you by express. It is crab apple jelly and you will find three crab apples. I am sending them for you to see that they are ordinary crab apples. I succeeded in getting some this fall. there are only three or four trees like them in Randolph County. I know you can afford

all the things you want but this is unlcommon so I decided to send some to you and your wife. The drought down here has been broken, but it is intensely warm yet. I never saw such weather as we have had. It been the hottest summer I ever felt, and I am more too strong to stand it. I dont supposs I'll ever be strong again I feel that I am giving away. I hope you all are well and having a pleasant fall. I will close with love to you all I am sincerely your Cousin Mary Sue Sharman
